CONFESSION

MY BOYFRIEND'S BROTHER

My ex-boyfriend, Mark, and I always had a stormy relationship. Break up then make up was our routine. It was largely because of the pressure he would put on me to act out his sexual fantasies. His biggest fantasy was to watch another guy fuck me and to see me suck him dry. He said he wanted to watch me, just to see the look on my face while a different cock was banging me. I always told him he was sick, and I'd never do such a perverted thing! Besides, he was my first love, the only guy I had ever screwed. I was 18, and he was 24.

We were dating for about a year, before I moved in with Mark and his older brother, Jim. It was a good living arrangement, except Mark didn't know that I had a wild crush on Jim. Jim was in great physical shape. I would watch him walk around the apartment with no shirt on, or with just a towel wrapped around him on his way to the bathroom, and my cunt would become dripping wet with desire. I always felt ashamed of these feelings; after all, I was in love with his brother.

I confided my feelings for Jim to Linda, my best friend. I always went running to her with my problems. She had heard about every argument Mark and I had ever had. Linda was much more open-minded and a lot more sexually experienced than me. She had some very sick fantasies herself. I would tease her by saying that she and Mark would make a great couple.

When she heard of my desire for Jim, Linda laughed and said I was in the ideal situation. She told me to fuck Mark just before he went to work, and, while I was still wet, to go into Jim's bedroom and ride him. I got upset and told her to stop kidding; this was serious. I shouldn't have these feelings for my boyfriend's brother. Linda looked straight into my eyes and asked why I should have the feelings and not act on them?

It was then that I knew she was serious. I told her I couldn't cheat on Mark, especially with his brother. Linda asked me if I really wanted to make love with Jim, and I said I did. Then she asked what the problem was. If I wanted Jim I should just go for it. After all, I wasn't married to Mark. I didn't know what to say. Linda must have read my mind, because she asked if I was afraid that Jim would turn me down. I nodded. She told me the only way to find out was to go for it!

The next couple of days were torture. All I could think about was how I was going to approach Jim. All I could imagine was him rejecting me and how foolish I would feel.

It was a Friday night and Mark, Jim and I were into our usual routine. We rented a couple of movies, got some beer and rolled a couple of joints.

The first movie was over, and I'd had a bit more to drink than usual. I was feeling no pain. Mark lit a joint and passed it around. Jim took a couple of draws and gave it to me. I thought about how his lips had been on it just before mine. I pretended the joint was his lips and I was kissing him. I couldn't stop staring at Jim. I didn't know if Mark noticed, and I really didn't care. I was getting extremely hot and horny for Jim. I wanted to fuck him so very much!

> **"Jim grabbed my ass cheeks and slowly slid his dick into my cunt. Meanwhile, I was sucking on Mark's dick like never before."**

Halfway through the second movie, I was totally absorbed in Jim. I just couldn't wait any longer! I put my mouth to Mark's ear and asked him if he really wanted to watch me fuck another guy. He just stared at me funny and nodded.

"Yes," was all he said.

"You got it," I said, and walked across the room and knelt next to Jim.

"Fuck me," I told him.

Before Jim could say anything, Mark was behind me, pulling my shirt up. He quickly took my bra off while Jim reached forward and helped me slide off my jeans and panties. I couldn't believe how excited I was feeling. This was totally a natural high!

Mark pushed my head towards Jim's hard cock, which Jim had freed from his jeans. I sucked on it like a bitch in heat. I couldn't get enough of it into my mouth. It tasted better than I could ever have imagined, and it felt so very different than Mark's cock.

Jim was pumping my mouth hard and fast. I could feel his balls banging my chin. Mark couldn't handle it: he had to join in.

He pulled me up so I was in the doggie position and fingered my dripping pussy while he pulled off his jeans. Then he slid his prick right into me in one long thrust. He began fucking my pussy as hard and fast as Jim was doing my mouth. I couldn't believe the pleasure I was feeling. I didn't want it to ever end.

We went like this for a few minutes then the guys changed ends. Jim grabbed my ass cheeks and slowly slid his dick into my cunt. Gawd it felt incredible. Then he started long, slow strokes, going into me deeper than Mark's cock ever had, then pulling his cock almost all the way out before repeating the move. Meanwhile, I was sucking on Mark's cock like I'd never done before.

I had never imagined that a threesome could feel so wonderful! I felt like I was going to explode. I started cumming and kept right on. I'd never cum so much in my life. With all the moaning the guys were doing, I felt like the best lay in the world. My whole body was having an orgasm. I wanted their cocks inside me forever. I never wanted to lose the incredible feelings.

With a loud cry, Mark shot his load of hot jism into my mouth. Before I had time to swallow it, Jim had pulled out of my cunt and had his cock next to my face. I sucked in his cock, and he also unloaded a ton of jism into my mouth with a series of loud grunts. I swallowed it all! They both tasted great.

We laid naked on the floor and smoked our other joint. There were many nights like that to follow. Each one became more intense, but that first night is still my fondest memory of Mark and Jim. I wonder if they ever think about it?**–Ali, Alberta, Canada**

ASHLEY IN THE BARN

It happened about two years ago. I was just 18. It was my first year working at a summer camp in north-central Colorado. There were so many sexy girls there. I thought that all I was gonna be able to do was look at them–that I wouldn't get any action that summer–but man, was I wrong!

Another counselor and me got invited to stay the weekend at one of my new-found friend's house because his parents were away. That is where it all happened. I want to tell you all about it.

We rode up on the Friday night. He had called up his girlfriend, who lived in a town about 20 miles south of where we were, and told her to get a couple of her girlfriends and bring them up to his place. He said he had gotten us some great entertainment for the weekend: three of the sexiest girls in the state were coming to see us. I hadn't had a piece of ass in a long time, so I told him it was cool with me.

When the girls arrived later, we stood out on the porch to meet them. The driver was a brunette. She stood about 5'3" tall and had, I'd guess, about a 36D set of breasts on her. They fucking knocked my socks off! The second girl had a tight, little ass and average sized tits, and the third one was the bomb!

My buddy grabbed the driver and took her inside the house, and the second girl followed them. The third girl was a few steps behind them. When she got up onto the porch I stopped her and boldly asked what her name was.

"My name's Ashley," she replied. "What's yours?"

I decided to act like a stud. "Girl, I'll answer to anything as long as you'll give me a kiss and let me make love to you."

The words had hardly left my lips before she walked over to me, wrapped her arms around me and started kissing my face. As she worked her way down my neck, she started unzipping my jeans. And before I knew it, she had freed my cock from my boxers and was down on her knees, sucking it. Her mouth was real wet and warm, and she managed to take in most of my hard dick. Gawd it felt wonderful! That was the best dick sucking I've ever had.

> "I lowered myself down on top of her, and she took my cock and guided it to her now wet pussy lips. I'd never had a girl do that for me before."

After she'd been sucking me for a long time, I asked her to stop because I didn't want to waste my cum on that. I lifted her to her feet and led her out back to the barn. There was just one, soft light in the place, so it was quite romantic, quite sexy.

"Why the hell are we out here and not in the house?" Ashley asked.

"Girl, if you go in the house and the other guys see you looking so good, I probably won't get a chance to even talk to you until we're all ready to leave," I told her. "So I thought we could come out here to the barn, with the nice, cool, fresh air, and get to know each other better."

"Fair enough," she said, and before she could get anything else out, I had slipped my hand down the front of her jeans, into her panties and started to finger her tight, damp, little twat. She shuddered and pulled my head down so she could kiss me. After a couple of minutes of this, I walked her over to the pile of hay in the corner. I told her to sit down while I undressed. Then she stood, and I helped her out of her blouse, bra, jeans and cute, little, black lace panties. She laid down on the hay and spread her legs for me while I stood above her, marveling at how fucking beautiful and sexy she looked.

Ashley took a condom from her bag and made me put it on. Then I lowered myself down on top of her. She took my cock and guided it to her pussy. She rubbed my cockhead over her pussy lips and clit for a few moments until the urge to fuck got too much for both of us. Then positioned me to enter her. I'd never had a girl do any of that for me before. One thrust and I was buried inside her. She reached around and grabbed my ass cheeks and began thrusting against me. I could feel my cock sliding in and out of her soft and slippery pussy as she closed her eyes in ecstasy.

We fucked for 10 minutes or more, and then I got a little crazy.

"We're out here in the barn. So we should do it like the animals do," I told her.

I pulled my cock out of her pussy, got her up on her hands and knees, went around behind her and pushed the head of my cock against her tight asshole. As I slowly thrust into her, getting a bit further in with each push, I heard her moaning.

In my last year, I was suspended for two weeks because I flashed for the boys…and didn't have any panties on! The nuns told me I should start behaving myself or I'd go straight to hell. It was too late by then! I was no longer 'pure' like they wanted me to be. I've had many lovers, but I haven't found the right one yet—one guy to make love with for the rest of my life. So, I keep looking and enjoying lots of sex while I do."

"I used to fret about being flat chested. My boobs were very late in developing and, as you can see, they didn't grow much anyway. But they are incredibly sensitive. I discovered that back in high school. I was doing the Saturday night thing; in the back of a car, outside of town, with my boyfriend. He was attacking my titties because he knew that was all he was going to get. He kept on sucking one of my nipples while rubbing the other between two fingers. It felt really good to me. So good, in fact, that I came, real strong. I loved it, and it made him feel like a man!"

“What my little titties lack in size, they make up for in sensitivity, so I’m not complaining!”

"I'd been into diddling myself for a long time, but I was concentrating on my clit. Later that night, I played with one of my nipples while stroking my pussy. I came stronger than ever before. What my boyfriend likes to do now is smear his cock with lubricant and rub it over one of my nipples. It feels different than being fingered or sucked. We both get off that way. He suggested that I might like using nipple clamps. He saw a girl using them on a cable TV show. I'm willing to try anything…at least once.""

HOT MONKEY LOVE

"It had been twelve years, but our chance encounter was wilder than ever!"

Told by Harrison James
Illustration by Otis Sweat

Just after we graduated from high school Sandy and I spent the entire summer together. Eighteen and free, basking in the glory of our youth, we spent all day at the zoo, and sometimes we were there all night. Since there was no admission charge back then, there was no big fence around the zoo. There was even a big swimming pool. I had an old car my dad had given me, and Sandy had a blanket. These and a few cents for hot dogs and drinks were all we needed.

Sandy and I experienced the wonders of the zoo together. The buildings were spread out over quite a few acres of land nestled in a little valley in a hardwood forest. A few of the main roads were paved, but a lot of the zoo was just dirt road and some little used footpaths through the woods. There were plenty of hidden places for Sandy and I to spend a leisurely afternoon in a sunny, grassy spot in the forest.

We also found the hidden place behind the large mammal house where only the keepers used to go. There were outside cages there attached to the building. That was where they let the animals have sex. Back then, they didn't show that kind of thing to the general public; now you can see it on TV. Sandy and I would hide in the woods and watch as the monkeys fucked. They were always eager, but they never took very long. The big cats were the best. The female would tease the male until she was ready, then he would come up behind her and nibble on her ears as he put it to her. They would be growling, roaring and swiping at each other the whole time.

Watching the animals always got us hot. Pretty soon Sandy would pull down my zipper, and in seconds my hard cock was sunk to the hilt in her warm, wet mouth. She had a wonderful, natural skill at blow jobs. Sometimes I would shoot my load into her beautiful mouth, other times I would pull out, and Sandy would stand up and pull down her shorts, then she would bend over and I would fuck her from behind, just like the monkeys were doing. Sandy used to call it our "hot, monkey love." I would shoot my load over her luscious, bare ass cheeks. She couldn't get enough.

Sandy and I fucked like rabbits. We were one hundred percent compatible with each other sexually. Both of us were insatiable, and we were inseparable. Finally, the summer ended, and Sandy and I moved to different cities to pursue our separate careers. As the business of life intruded, we gradually stopped corresponding.

Most people don't know what they want when they're young, and Sandy and I were no exceptions. We didn't realize how well we were suited for each other. I hadn't had a fuck like Sandy since we'd split, and for years afterward I'd wake up in the middle of the night in cold sweats from dreams of Sandy's lips going up and down on my hard cock, her swallowing my cum, her lowering her hot cunt onto my hard cock, and mostly me fucking her until she screamed. What a woman!

Finally, I found myself back in my hometown. The zoo is still there, modernized and expanded, and on a whim I recently decided to visit it. Now, you have to pay for parking and admission, and there's a heavy-duty fence around the zoo. There's a huge new Habitat building with magnificent, modern, ecologically correct exhibits. I wandered down the dark, air-conditioned corridors through the exhibits trying to locate the animals behind the glass in the large, sky-lit rooms that supposedly duplicated the animal's wild habitats. All I could really see was a bunch of dripping foliage and wet windows and, to the side, plaques with pictures of the animals that were supposed to be there. The whole experience was maybe a little educational but not very exciting and certainly no fun.

I walked out of the Habitat building and suddenly caught sight of one of the old paths Sandy and I used to use to walk between the buildings. I remembered that this one led through the woods to the Large Mammal building.

That building was one of my favorites. I really loved the old zoo cages with their big iron bars holding the big cats, primates, hyenas, wolves, and bears; the great, magnificent beasts almost within touching distance. The heat, the flies, the smells, the roars and screeches: that was experiencing nature, like we were one of the pack. That was nature right in your face not on TV, behind a glass screen, fake, a cartoon, Scooby-Doo cute. Those wild things were right there and quite willing to take off an arm if you let them.

As I turned down the path it was like I was walking back in time. After a few hundred yards I recognized the old mammal house through the trees. As I got close I saw the door was open. I walked up the sidewalk and walked right in. The strong smells hit me like a baseball bat wrapped in month old underwear. I walked up the six, wide steps inside and walked down the center hall. It was lined on both sides with cages. I was pleased and amazed to see quite a few of my old animal friends, only a little the worse for the cruelty of Father Time. Bongo the chimp seemed to perk up and smile at me, though when he moved he looked a little stiff in the spine. There was only one other person in the building–it wasn't air-conditioned like the new Habitat building.

I looked over at the woman leaning on the railing in front of Tawdra's cage. Tawdra, a magnificent, black leopard, had had a beautiful, shiny, black coat the last time I saw her. I glanced at her, and she looked a little scruffy, but my eyes were immediately drawn back to the woman.

"I'm a spontaneous person–and my parents worry about it getting me into trouble. Perhaps they're right. I was shopping on Melrose one night with my friends, we passed a tattoo parlor and I went in and got one. If we're in my boyfriend's car and I decide I want to give him a thrill, I'll give him a hand-job or even a blow-job, no matter where we are. And I love stroking his cock through his pants when we're in restaurants. I've even made him cum that way. He never knows what I'll do next."

"My actions take some of the guys I date by surprise. I was in the dressing room at a *Gap* store with a guy when he was trying on a shirt. When I knelt down in front of him and unzipped his jeans to give him some head, he bolted. With another guy I was in the back row at a midnight movie. When I pulled up my skirt and spread my legs and put his hand on my pussy to show him I wasn't wearing any panties, he pulled away and wouldn't touch me. I thought that guys are supposed to like that sort of thing?"

SEXUAL NEWS FROM AROUND THE WORLD

It seems like forever

While celebrating his 112th birthday, Nicklaas Amsterdam of Johannesburg, South Africa, was asked the secret of his longevity. Refusing to have sex was his answer. "I have never had a woman to give me a headache," he said.

The wrong deposit

A Mexican couple was arrested and charged with engaging in a lewd act in public after being surprised making love inside an ATM glass room reserved for bank customers. "We found them doing that. I couldn't believe it. I didn't know what to tell them," said a police officer who was patrolling the streets of Villahermosa, in the southern state of Tabasco, when he discovered the couple in the early hours. "The first thing that occurred to me was to shout at them, 'What's going on? Get out immediately! It's an order!'" he added.

The woman, a prostitute, told the judge she never intended to go that far. "He told me we were only going to withdraw money to go to a hotel," she said. "It was not my intention. I was drunk. I let myself go."

The couple was released after paying an $85 fine.

Picture this...

A plastic surgeon in Rio de Janeiro, trying to stand out in Brazil's nip and tuck capital, created more publicity than he expected when his billboard depicting a naked woman set off a row on medical ethics. "I don't understand what they are so upset about," he said of the local doctor's group that raised questions about whether it was ethical publicity. "The woman on the poster is not showing explicit sex. She shows off well the perfect lines of the human body which is the major goal of plastic surgery."

A gift from the happy husband of a woman who went under the doctor's knife, the backlit billboard shows a nude model lying in a sensual pose under the words, "The Art of Plastic Surgery," with the surgeon's name, address and telephone number.

Comfortable piggie sex

Sows need sun lotion to enjoy summer mating, a Danish pig expert says. "One can imagine that a sow doesn't like having a 400-pound breading boar mounting her if her back is scorched by the sun," the expert told the Copenhagen newspaper *Politiken,* which reported that, this summer, Danish pig producers started using a factor-eight sunscreen developed by Pharmacia-Upjohn especially for farm animals.

Sex change...both ways

A Hungarian husband and wife in the western city of Szekesfehervar decided to change places...literally. Each underwent a sex change operation at the city hospital. Hospital staff had to take the transsexual couple home secretly after a checkup to avoid a throng of journalists trying to interview them.

Doing it worldwide

British youth are the most sexually active in the world, while young adults in Singapore had the least sex in a year, according to a global survey by the maker of Durex condoms. But Singaporeans enjoyed their first encounters the most.

Young males in Singapore were also the most selfish, with some 44 percent polled in that country putting personal pleasure first.

But in France, only 14 percent of males found self satisfaction most important. The French enjoyed their first sexual experiences the least, with some 40 percent saying it was more disappointing than expected. "This provides an interesting contrast with previous surveys, which have rated the French as the most romantic nation and the best lovers," the survey said. "Perhaps they have a lot to live up to."

The survey said American youth started having sex at the lowest age, and had the highest number of sexual partners: an average of 7.5 each.

Youth in the United Kingdom had sex the most frequently at 133 times a year, closely followed by the Americans at 128 times a year.

Singaporeans had the least sex at 63 times a year.

France, a winner in the frequency

"You had two calls...Your wife wants you to bring home a loaf of bread and a bottle of milk. Your mistress wants you to bring over a bottle of wine and a porno flick."

category in previous surveys, was only just above average with a figure of 99 times per year on average.

Thais are the most likely to have been unfaithful to a sexual partner, which the survey said “undoubtedly reflects the accessibility of Thailand’s commercial sex industry.”

Sixteen to 21-year-olds in America were also among the most unfaithful, while Mexican youth were the least likely to cheat on their partners.

Licorice kills the urge

Men with lackluster libidos should lay off licorice and breath mints, according to three Italian doctors whose letter in the *New England Journal of Medicine* warned that glycyrrhizic acid, the active ingredient in licorice, suppressed sex hormone levels in 70% of men in their twenties in a recently completed study.

Just 0.25 ounces of licorice a day over four days was enough to reduce the amount of testosterone by an average of 44 percent in their test subjects. Hormone levels returned to normal after four days of abstinence, said the research team from the University of Padua.

Extracts of licorice root are widely used flavoring agents found in breath fresheners and candy. “The amounts of licorice given to these men are eaten by many people,” they said. “Thus, men with decreased libido or other sexual disfunction...should be questioned about licorice ingestion.”

Condoms in the news

The government of Saskatchewan was unable to convince the manufacturer to take back 1,000 five-inch-long “wooden demonstrators” designed to educate public school pupils about proper condom use. The province said that many schools refused to use the models.

Austrian body-paint artist Karl Machhamer has unveiled his design for a skin-tight latex condom, which is custom-painted onto a penis. After demonstrating the product at a Vienna trade fair, he said he plans to sell it in bottles with enough paint for three applications. The only drawback, he admitted, is the seven minute wait while the paint dries.

Coventry City Soccer Football Club has become the first English Premier League soccer team to launch an official club condom, which are sold in vending machines at the club’s Highfield Road stadium. “This is not a joke product,” said the controller of the Sky Blue’s retail operations. “We are a responsible club.”

"Don't lie to me, Sidney. I know you've been surfing the Web again."

Ride ’em cowboy

Tennessee authorities were forced to charge an Eagleville man only with indecent exposure because the state’s anti-perversion statutes didn’t cover the extent of his offense, which was to have sexual intercourse with a miniature horse.

Paying the price

Doctors who examined a man complaining of persistent genital pain recommended surgery after the man reluctantly admitted that twelve years earlier, his wife had inserted a mascara brush into his urethral opening during sex play, and the tip of the brush broke off. Doctors found that fibrous tissue had grown around the brush, trapping it.

Keeping it to themselves

A Scottish hospital is the first in Britain to be allowed to import sperm from abroad to help deal with the region’s severe shortage of donors. Glasgow’s Royal Infirmary will import sperm from a clinic in Denmark, where the world’s biggest sperm bank is based, after it said its donors had dwindled from 15 to just a few, out of fear that they may lose their anonymity if the law is ever changed.

The crisis prompted the British Human Fertilisation Embryology Authority (HFEA) to relax its usually tough rules on sperm imports.

Elsewhere in Britain, the shortage is nearly as great, meaning hundreds of couples seeking fertility treatments have been forced to wait for sperm.

A family affair

Police in Tunbridge Wells, England, arrested a couple in their twenties who had sex on the ground outside a sports shop in the middle of the day. Officers reported that during the encounter, the woman was using one of their two children as a pillow.

A pubic endorsement

In his autobiography, Minnesota Governor Jesse Ventura recounted his visit to a Carson City, Nevada brothel during his Navy SEAL days. But apparently the visit is no endorsement. Ventura’s lawyers have demanded that the Moonlight Bunny Ranch remove the governor’s name from an advertisement that reads,“I had sex at the Moonlight.” The brothel owner said he would consider changing the ads, but only to more accurately reflect what the governor says in his book.

"I've decorated our bedroom very feminine and lacy. Frank, my husband, says it's like going into a whorehouse, although I don't think any of them outside Vegas could compete with it. I spend a lot of money on makeup, my hair and nails, and having facials and massages. But he doesn't mind any of it because he loves going out on the town with me on his arm, and he knows that once we're home and in bed, he'll get hot loving any way he wants it–from soft and loving to hard and real dirty. I'll take all he can give me and still want more!"

Fearing I was hurting her I stopped.

"Don't stop. Don't stop, baby." she groaned. "It feels so good. You're gonna make me cum soon."

I slowly fucked her ass. I had my hands on her ass cheeks and pulled them far apart so I could get all the way into her. I thought that I'd fucked some tight pussies, but Ashley's ass was tighter than the best of them. I could only mange two or three strokes at a time before I had to stop and rest or risk shooting my load up her ass. But she didn't mind. She moaned with each in stroke I made and groaned as I pulled myself nearly out of her. She had one hand down between her legs, flicking her clit. When she climaxed and started bucking back against me, I thought I'd lose it. But, somehow, I managed to keep cool and stop from shooting my load. Talk about self control! But I broke out in the biggest sweat I'd had since playing football at school.

Finally, I pulled out of Ashley's ass, laid her on the hay, and planted my face in her pussy. She was shaved bare so I could really get into her pussy lips and suck them into my mouth without getting a mouthful of hair as well. I flicked her clit with my tongue and fingerfucked her, listening to her giggles of pleasure become moans as she came again. She gasped for me to take off the condom and fuck her without it. I was more than ready to oblige her!

Ashley gave me the best sex I've ever had! I thought that one of us would have to quit, but we fucked for the longest time. It seemed like there was nothing happening in the world except for our fucking. She came two or three more times before I finally lost control and bucked into her as I filled her cunt with my boiling jism. Feeling me cumming made her cum yet again, and she reached around me and scratched the hell out of my back as we both climax-fucked each other until we collapsed, absolutely exhausted.

But that was just the start of the weekend. We had Saturday and most of Sunday to spend on a lot more fucking.

(I had to wear my shirt all of the next week, even when I went into the pool, because I was covered with scratches and bite marks. My buddies knew what had happened to me. I told everyone else that I had real bad sunburn.)

That sums up my little tale. It's true, but man it sure felt like a dream come true!—**Rob, Waco, Texas**

“Hey, sweet Brian, here’s the photos you wanted to see. Are you satisfied?”

“I was absolutely broke, and my boyfriend’s birthday was coming up. Since I couldn’t get him a present, I asked him what I could do for him as a special gift. The words were no sooner out of my mouth than I regretted them. I imagined him asking me to let him screw me in the butt–a no-no as far as I’m concerned–or have sex with some of his friends. But he said he wanted photos for NN, and that I could keep the money. Cool!”

HOT MONKEY LOVE

continued from page 46

Could it be?

It was Sandy! Even after twelve, long years I could still recognize her dishwater-blonde hair and her pert, little nose. But it was the splendid, round cheeks of her glorious ass that struck into my mind like a bayonet stab between the eyes. Just one glance at it took my breath away.

The bottoms of her butt cheeks were hanging out of her denim cut-offs, and she was wearing a white, halter top that seemed to be groaning under the strain of holding her wonderful tits. I felt my cock rising immediately at the sight of that voluptuous body.

I walked up behind Sandy, reached around that great body, and cradled her huge boobs in my palms.

"Guess who," I whispered.

"Harry!" she cried. It was nice to know she recognized my touch after all those years.

I crushed my now hard cock up against her more than ample ass. She wiggled around in my arms, and though I was squeezing her tightly she managed to work herself around and press her lips to mine. She also pressed her big boobs up against my chest. I ran my hands down her back to feel her big, soft ass, and she gasped as I pushed her crotch into mine. I could tell she liked the feel of my hard cock pressing into her tummy by the way she pressed her body hard against mine.

Suddenly it hit me. "Husband? Boyfriend? Kids?" I gasped, fearing that we would be interrupted.

"I'm alone. Don't ask," was all she replied, pressing herself against me.

We were both ready to fuck in minutes. Too bad we were in such a public place. If we fucked here we'd probably get arrested, I thought.

"We're the only ones here," Sandy said as if reading my mind. "Nobody comes here anymore."

"What about the keepers?" I asked. I already knew I was near the point of no return as far as my sexual excitement was concerned. I was sure we were going to fuck then and there, unless there was a major, natural disaster.

Sandy undid my belt, reached her hand down my pants and grasped my hardening cock. "I come here a lot," she said. "The keepers all stay over in the air-conditioning until three o'clock."

Then she gasped, "Fuck me, Harry. Fuck me now. I need you. I've missed you for so long. No one ever fucked me the way you did!"

Wow, my sentiments exactly!

It seemed like all the animal noises stopped as Sandy and I came together. I didn't look, but I had the impression that all the animals were watching as I pulled open Sandy's halter top, and those delicious tits popped out, right into my waiting hands. It was a wonderful feeling to have those luscious lumps of soft flesh in my hands again after so many years. I rubbed and massaged Sandy's tits and pinched her nipples just the way I knew she liked. Sandy had in the meantime unbuttoned the front of my shirt and pulled it open as far as she could. I undid the button at the waist of her cutoffs and pulled down the zipper. With some assistance from me, the shorts and her white panties fell to the floor, and Sandy's magnificent ass and beautiful, wet pussy were free.

Free for fondling, which I promptly attended to. I kneaded her ass like it was never kneaded before. It was every bit as wonderful as I remembered; it was actually even better than I remembered, bigger and softer. As I worked on her butt and ran my fingertips up her back and around to her breasts Sandy worked my pants down and got my shirt off. My proud cock was sticking straight out, and I poked it between Sandy's thighs. I could feel the wetness there as my cockhead slid between her legs and between the outer lips of her pussy.

I thought I would lose my mind as I felt Sandy's puffy, wet pussy lips closing around my cock, but I couldn't quite penetrate her from this angle. I had always loved Sandy's pussy. It was a pussy with big, outer lips and small but very sensitive inner lips. I loved the way she came when I fucked her, and I especially liked the way she came when I licked her.

As she stood there I started kissing my way down the front of her body to her naked crotch. I ran my lips down the middle of her body, between her massive mounds, down her gently curving tummy, and buried my nose in the glorious muff between her legs. I rubbed my nose in the hair as I thrust my tongue between her pussy lips. Her cunt was wet with her juice, and I enjoyed that familiar, slightly tart taste as I licked her hole. Sandy's whole body jiggled as she plopped her big butt down on the floor in front of me and spread her legs wide.

"Lick me, Harry; lick my clit!" she cried, with a flush on her face and neck and a wild look in her eyes.

She lay back on the floor, presenting that beautiful pussy to my eager tongue. I ran my tongue over the outside of her lips, and she sighed as I worked my way in between the lips. I remembered that Sandy loved to have her outer lips licked and sucked slowly

"I haven't had sex yet...I mean intercourse. I know that deflowering a virgin is a big thing for guys, but I haven't dated a guy yet who—I thought—deserved the pleasure, the honor, of doing it. Sure, I've fooled around. I've gotten guys off with my hand. And I've let guys fondle and kiss my titties, and stroke my pussy to make me cum— even slide their fingers inside me. But that's it. So now it's become a quest to find 'Mr. Right' to be my first, 'cause I want more! I'm a little bored with just masturbation. I want to feel a man's cock inside me. From reading my girlfriend's husband's NNs I've decided I need an older, considerate man to be my first lover."

KAYLIN

San Francisco, CA

"I love sex! I love everything about it. I like the fumbling and petting that leads up to it. I like the foreplay–giving blowjobs and being eaten. I love screwing–every which way the guy can think of; including taking me in the ass. I love the sounds and the smells of sex and the wonderful afterglow."

"I'm always having to keep myself under control when I start dating a guy. If I like him, then I'd be happy to sleep with him on our first date. But I wouldn't want him to think I'm easy, so—however hard it is—I won't sleep with a guy until we've dated four or five times. In the meantime, I get myself off after our dates, thinking about doing it with him."

"I know you've heard this before…because my boyfriend got the idea from NN. He's in the Air Force. He's going to help the United Nations peacekeeping force in East Timor, Indonesia. He's a loadmaster, so I'm not worried about him going into danger. But he will be so very far away for at least six months. He read where another girl gave her boyfriend–who was in the services–photos to take with him, and sent them in to you as well. We liked that idea: so here you are."

"I want my boyfriend to have something really special to keep him company while he's away from me."

continued from page 67

and gently before I sucked her inner lips into my mouth and caressed them with my tongue. Sandy was writhing and moaning as I ate her out, just like I used to. I eventually worked my way to her clit, and she went wild. I sucked and licked on it as juice gushed out of her pussy and she encouraged me on. I knew my task had been successfully completed when she came with a groan and curled her body into a ball.

I let her rest for a few minutes, and I took a quick look around at the animals in their cages. They were all staring at us, noses to the bars. Sandy relaxed and lay back on the floor.

"That was wonderful, Harry," she said still slightly out of breath. My hard prick was reminding me that it had been patient for quite long enough.

What a cushiony, soft and wonderful body, I thought as Sandy pulled me down on top of her and spread her legs wide apart. I wrapped my arms around her shoulders and pressed my chest into hers as we kissed deeply. She gasped as I penetrated her pussy lips and slid my hard cock right up her warm, wet cunt, enjoying the familiar feeling. It was like we'd last fucked only days before, not twelve years ago.

I started fucking her slowly, then increased my speed and fucked her faster and harder. She became more and more excited in response to the timing of my thrusts into her.

Fucking Sandy was a remarkable experience. I loved the yielding feel of her soft body, yet she was a strong, lusty woman who thrust right back in time to my strokes. Our crotches slammed powerfully together as we fucked. Her cunt seemed to suck my hard dick right in and grab it tightly, but her wonderful hole was so wet and slippery that my straining cock slid in and out easily.

Sandy had always had multiple orgasms, and with me, once I got her started, she had always had something like a continuous orgasm. The more she came, the better I liked it. She was cumming now, cumming and cumming. One second she would be pushing against my shoulders like she wanted me off her, the next she would be holding me tightly. I loved to drive her crazy like this, and, of course, she loved it, too. I felt my orgasm starting at the base of my spine. I always liked to go slowly when I was about to cum, so I decreased the tempo of my thrusts. Sandy felt it.

"Ooh, baby," she murmured quietly in my ear. "Cum inside me, Harry.

Shoot it up my cunt. I want your hot cum inside me. I want it now!"

I slid my hands under her to grasp her ass cheeks and pull them apart, letting my cock reach even deeper into her cunt. We fucked slowly until I couldn't resist the rising orgasm any more. I gave one final, hard thrust, and emptied my steaming balls deep into her cunt. Sandy always used to cum at the same time I did, and this time was no exception. Her cunt muscles convulsed and flexed around my cock and pumped it as we climaxed together. She screamed loudly which caused some of the animals to react with screeches and growls, drowning out our combined moans.

I lay on top of her with my prick shrinking inside of her. It took her a few minutes to come down. When she had recovered, Sandy rolled me over onto my back, and licked the remnants of cum off the tip of my softening prick.

When she was done she sucked my flaccid prick into her mouth. Those wonderful, warm lips around my cock had me hard again in only a couple of minutes. Sandy continued her sucking and after a few minutes of watching the hard shaft of my prick going in and out between her lips I was ready to shoot my second load right down her throat.

Before I could shoot into her wonderful, warm mouth Sandy whirled around on her hands and knees and lowered her head to the floor. She reached back and parted her butt cheeks in lewd anticipation. She was waggling her butt like a happy puppy. I got up on my knees and positioned myself behind her, the tip of my dick resting against her little butthole which was slick with the juices from our fuck. As I slid my cock gently into her asshole she stopped waggling and started moaning and banging her jiggly, big, hot ass back into my crotch.

Sandy had always loved to have her ass fucked. She'd told me it gave her a feeling that was like having a continuous orgasm. Goose-bumps came up on her arms and legs whenever I was pumping her rump, and she made a lot of noise.

I grasped Sandy's hips and fucked her. She started to grunt as I thrust into her ass, pushing it back against me. As I ended every thrust, buried deep inside her ass, she let out a loud, "Unh," deep in her throat, almost like she was clearing it, almost like a growl. I was able to take another quick look around at the cages. The animals were all still plastered to the bars, watching us intently.

HOT MONKEY LOVE

continued from page 85

We fucked that way for a long time, the sweat pouring off our bodies. We would have kept going if all the keepers in the zoo had walked in on us. The feel of my cock fucking Sandy's ass was intoxicating to both of us.

Sandy pushed back against each of my thrusts, moaning softly as my cock reached the deepest recesses of her ass. We were in fuck-heaven!

Suddenly, Sandy pushed herself up on her hands and came with a loud scream, just as I felt my climax building. My cock popped out of her ass as she straightened up. I screamed myself as my balls tightened and my orgasm started deep in my crotch. I grabbed my cock and directed my gigantic cum load as it exploded all over Sandy's back and ass crack.

As Sandy and I collapsed on the floor in each other's arms, the animals seemed to go crazy. Bongo was hanging from his bars by one arm, hooting at us, his other hand holding his own, hard cock. Tawdra was pacing back and forth, emitting a constant, low growl and occasionally throwing her head back and giving out an ear-splitting scream. The baboons, several other large cats, and three different species of monkeys were all screaming and roaring as loud as they could. The wolves were howling, and even the hyenas were giving their unique, laughing barks.

Sandy and I dressed quickly. I was really sorry to see Sandy's wonderful body being covered up again, but someone was sure to show up soon to check out all the commotion. We left the building, and could still hear the animals roaring and screaming as we walked down the path in the woods.

It wasn't until we were almost through the woods that we slowed down and looked at each other. I could still see the goosebumps on Sandy's arms and legs, and she had a dreamy, freshly fucked look on her face.

"Now that's what I call a zoo visit," she said with a smile, as she gave me a kiss on the cheek and a strong hug.

"We should do this more often," I said returning her hug. "How about same time next week?"

"Grr," growled Sandy. "I'll meet you at eleven, Harry."

I don't know what the keepers had to contend with when they went to the large mammal building, but Sandy and I had brought back a little of the old zoo and paid back our friends a little for all those afternoons that we'd spent watching them fuck. They were going to get quite a few more payments.

SHE'S FINALLY LEGAL ...BUT JUST BARELY

"I'd been dating a guy for three months, and I was ready to sleep with him. But he never got past kissing me. I figured he was shy. So I invited him to my place one Saturday when my parents were out. He'd just walked in the door when I grabbed him, kissed him and put his hand on one of my boobs. Then I led him; undressing him, helping him take my clothes off and putting his hands on my body. He came before he even got inside me! But we cuddled and he was soon ready for action again, and it was beautiful. I seduced a virgin!"

XXX FROM NAUGHTY NEIGHBORS

Baby Faces On Video

From Naughty Neighbors, three girlie girls on a 75 minute video.

Sunny

When Dave picks Sunny up at the bus bench, he's the one who's about to get the ride! This cute little 18 year old may be new to sex, but she takes everything Dave's big, bloated, 57-year-old dick can dish out and then some. Petite Sunny gives Dave a mouth-stretching blowjob before being skewered in every position your dirty mind can imagine. This is fantastic hardcore sex captured from every erotic angle.

Kelly

This teensy 18-year-old Kansas teen should be in class, but she took time out to do her first ever video for the horny editors of *Naughty Neighbors*. Kelly was shy at first and it took us a while to talk her panties off, but once she warmed up, this petite young lady gave herself a dildo workout that will leave you in a sweat. If you liked her pictorial in the June '99 *NN*, you'll love seeing her girlish cookie stretched to the max by a giant dildo.

Katlyn

You can find this tight little 18 year old selling Italian Ice on Ft. Lauderdale Beach, or you can buy this video and have her all to yourself in the privacy of your happy room. Katlyn shows off the beach bunny body that drives every male crazy at the beach and then gives you a mouthwatering tour of where the sun don't shine. She looks innocent, but this neighbor gets very naughty.
